Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table. The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective September 6, 2011, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

EN123

Product Information

Description

This chair is available in 3 sizes and has a flexible, 1-piece shell with an H-shaped cutout, a seat and back with foam padding, a 5-star base, and a pneumatic seat-height adjustment.

Tilt options include a knee tilt that allows the chair to recline and pivot, and a knee tilt with lock that secures the chair in an upright position.

Arm choices include no arms, fixed arms, and adjustable arms that adjust 4" vertically with armpads that adjust 3/4" horizontally and pivot outward and inward over a 25° range.

The split-pad upholstered chair has cushions that snap off for replacement. It also has an adjustable lumbar that vertically adjusts 3" for size A and 4" for sizes B and C; it expands up to 1" for additional lumbar support.

Fire-retardant chair meets CAL 133 requirements; this chair is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

To help determine chair size, see Equa 2® Chair Size/Fit Reference in Appendices. A-, B-, and C-size chairs are tested and warranted for use by persons 300 pounds and under.

For information on casters and glides, see Casters and Glides in Appendices.

For nonupholstered armpads, specify BK armpad finish for BU and G1 base/frame finish or base finish/frame and outer shell finish options.

Customer's Own Material (COM)/Customer's Own Leather (COL) requires the following:

For fully upholstered chairs:

Size—COM—COL

A—1½ yards—30 square feet

B—1¾ yards—30 square feet

C—2 yards—34 square feet

For split-pad upholstered chairs:

Size—COM fabric—COM vinyl—COL

A, B—1 yard—1½ yards—22 square feet

C—1⅓ yards—NA—24 square feet

Add 8 square feet of COL for leather armpads. See Order Information in Appendices.

Stool

EN712
EN713
EN722
EN723

Product Information

Description

This stool has a flexible, 1-piece shell with an H-shaped cutout and a seat and back with foam padding. It has a 5-star base, pneumatic seat-height adjustment, and an adjustable, chrome-plated steel footring. Available in size A only.

Tilt options include a knee-tilt swivel that allows the stool to recline and pivot, and a knee-tilt swivel with lock that allows the stool to be secured in an upright position.

Arm options include no arms, fixed arms, and adjustable arms that adjust 4" vertically with armpads that adjust 3/4" horizontally and pivot outward and inward over a 25° range.

The split-pad upholstered stool has cushions that snap off for replacement. It also has an adjustable lumbar that vertically adjusts 3" and expands up to 1" for additional lumbar support.

Fire-retardant stool meets CAL 133 requirements; this stool is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

Stool is tested and warranted for use by persons 300 pounds and under. High-stool footring adjusts from 6 1/4" to 14 1/4" off the floor; the low-stool footring adjusts from 6 1/4" to 9" off the floor.

For information on casters and glides, see Casters and Glides in Appendices.

For nonupholstered armpads, specify BK armpad finish for BU and G1 base/frame finish or base finish/frame and outer shell finish options. Stool accepts Customer's Own Material (COM)/Customer's Own Leather (COL). Fully upholstered stool requires 1 1/2 yards for COM or 30 square feet for COL. Split-pad upholstered stool requires 1 yard for COM fabric, 1 1/2 yards for COM vinyl, or 22 square feet for COL. Add 8 square feet of COL for leather armpads. See Order Information in Appendices.

Product Information

Description

This chair has a flexible, 1-piece shell with an H-shaped cutout, a seat and back with foam padding, and a sled base. Available in sizes A and B only.

Arm options include no arms and fixed arms.

The split-pad upholstered chair has cushions that snap off for replacement.

Fire-retardant chair meets CAL 133 requirements; this chair is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

To help determine chair size, see Equa 2® Chair Size/Fit Reference in Appendices. A- and B-size chairs are tested and warranted for use by persons 300 pounds and under.

For chair used on hard floors, sled-base glide option is recommended.

For nonupholstered arm pads, specify BK arm pad finish for BU and G1 base/frame finish or base finish/frame and outer shell finish options.

Customer's Own Material (COM)/Customer's Own Leather (COL) requires the following:

For fully upholstered chairs:

Size—COM—COL

A—1½ yards—30 square feet

B—1¾ yards—30 square feet

For split-pad upholstered chairs:

Size—COM fabric—COM vinyl—COL

A, B—1 yard—1½ yards—22 square feet

Add 8 square feet of COL for leather arm pads. See Order Information in Appendices.

Lumbar KitEN900

Product Information

Description

This adjustable lumbar kit can be added to an Equa 2® split-pad upholstered chair to further support the lower back. It expands 1" and includes a pump control. The lumbar kit vertically adjusts 3" for size A and 4" for sizes B and C. Finish is black.

Specification Information

Step 1.

EN90001	\$90
---------	------

Product Information
Description
These arms retrofit to an Equa® or Equa 2 chair. They adjust 4" vertically with armpads that adjust ¾" horizontally and pivot outward and inward over a 25° range. Attachment hardware is included.
Fire-retardant arms meet CAL 133 requirements.
Notes
For nonupholstered armpads, BK armpad finish is recommended for all frame finish options except MT.
Equa 2 adjustable arms have a lower gloss frame finish than Equa chair base finish.
Customer's Own Leather (COL) requires 8 square feet. See Order Information in Appendices.
